Of Interest To Veterans

EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q- I understand the school notifies the VA when a veteran student drops out of GI Bill training. Why should the veteran have to duplicate this notification?

A--It is the veteran's responsibility to prevent VA over-payments by notifying the VA upon termination of training. Sometimes the time lag in the school's notification causes an overpayment to the student who must then repay the VA.

Q- I have been granted a waiver of premiums of my NSLI policy, five-year level term, because I am permanently and totally disabled. Can I convert this policy to a permanent plan and retain the waiver?

A- Yes, provided conversion is to other than an endowment plan. Waiver of premiums would continue on the new policy. If, however, you become able to maintain substantial employment, the waiver of premiums would be discontinued.

Q- Hasn't there been a change in VA regulations which allows a remarried widow to regain pension benefits if the second marriage is dissolved?

A- Since 1971 the remarriage of an eligible widow does not prevent resumption of death benefits to the widow when the subsequent marriage is terminated.

* * *

Q- May a veteran be enrolled for a fractional part of a semester, term or quarter under the GI Bill?

A- A certified period of enrollment may not be interrupted for the purpose of conserving entitlement. Nor may a period of enrollment be certified for a fractional part of the normal term, quarter or semester if the veteran is actually enrolled for that period.

Q--I am a 66-year-old honorably discharged World War II veteran. Am I eligible for a VA pension?

A-- World War II veterans have the same basic pension eligibility as veterans of any other war who have reached age 65. At that age it is not necessary to establish a disability to be eligible for pension benefits provided the veteran meets other requirements such as, length of service, type of discharge, amounts of income and size of estate.

Q- I wear a back brace as the result of an injury while in the service. Am I entitled to additional compensation because of wear and tear of my clothing?

A- If the VA determines that this appliance tends to wear out or tear the clothing you will qualify for an annual clothing allowance of $175.

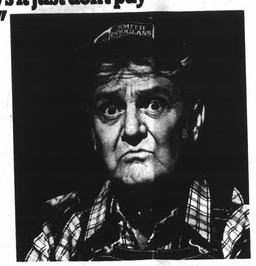
"The tractor won't start. The hens won't lay. And there's a leak in the smoke house roof. Now they tell me Lynchburg Federal has changed their name to American Federal.
Some days it just don't pay to get up."



Don't fret.
The only thing we're changing is our name. You see, we've grown to cover a lot more than Lynchburg. And, besides, the bicentennial seemed like a good time to go American.
But some things you just don't tamper with. Our savings rates are as friendly as ever and so are our people.
If anything, we're a little friendlier now that we're making a new name for ourselves. So come on in. To American Federal.
